BIOGRAPHIES

Clarion Johnson, M.D., (co-chair of the Forum on Public-Private Partnerships for Global Health and Safety) served as Global Medical Director of ExxonMobil Corporation until his retirement in 2013. Currently, Dr. Johnson is a consultant to ExxonMobil, the Chair of The Joint Commission's International and Resource Boards and a member of The Yale School of Public Health Leadership Council. He serves on several boards including the The Bon Secours Hospital System; the Advisory Board of The Yale School of Public Health; the Board on Global Health of the Institute of Medicine, and co-chairs its Forum on Public Private Partnerships for Global Health and Safety. Dr. Johnson also has a HHS Secretary appointment to The NIOSH (National Institute of Occupational Safety and Health) Advisory Board and was a member of Virginia Governor's Task Force on Health reform and co-chair, Insurance Reform Task Force. He is the past chair of Virginia Health Care Foundation, and the Board of City Lights Charter School in Washington DC. He served as advisor and lecturer in the Harvard Medical School's department of continuing education "Global Clinic Course" 2005-2008. In 2013 he received the President's Award from the Oil and International Petroleum Industry Environment Conservation Association (IPIECA) and Oil and Gas Producers(OGP) for contributions to health and in 2012, he was the recipient of the Society of Petroleum Engineers (SPE)Award for Health, Safety, Security, Environment and Social Responsibility. In 2011, he received a medal from the French Army's Institute De Recherche Biomedical for "Project Tetrapole:" a public private partnership in malaria research. Dr. Johnson is a graduate of Sarah Lawrence College and member of its Board of Trustees and the Yale School of Medicine. While on active duty in the US Army, he also trained as a microwave researcher at Walter Reed Army Institute of Research. He is Board Certified in Internal Medicine, Cardiology and Occupational Medicine.

Regina Rabinovich, M.D., M.P.H., is the ExxonMobil Malaria Scholar in Residence at Harvard University, and Visiting Scholar at ISGLOBAL at the University of Barcelona. She has over 25 years of experience in global health across research, public health, and philanthropic sectors, with focus on strategy, global health product development, and the introduction and scale-up of tools and strategies resulting in impact on endemic populations. From 2003-2012, Dr. Rabinovich served as Director of the Infectious Diseases division at the Bill & Melinda Gates Foundation, overseeing the development and implementation of strategies for the prevention, treatment, and control of infectious diseases of particular relevance to malaria, pneumonia, diarrhea, and neglected infectious diseases. Dr. Rabinovich has served in Chief of the Clinical and Regulatory Affairs Branch at the US National Institute of Allergy and Infectious Diseases (NIAID), focusing on the development and evaluation of vaccines through a network of US clinical research units. She participated in the Children's Vaccine Initiative, a global effort to prevent infectious diseases in children in the developing world. In 1999, Dr. Rabinovich became director of the PATH Malaria Vaccine Initiative, a project funded by the Bill & Melinda Gates Foundation to advance efforts to develop promising malaria vaccine candidates. She serves on the boards of AERAS, a non-profit biotech focused on development of vaccines for tuberculosis, and the Catholic Medical Mission Board. Dr. Rabinovich holds a medical degree from Southern Illinois University and a Masters of Public Health degree from the University of North Carolina.

Jo Ivey Boufford, M.D., (co-chair of the Forum on Public-Private Partnerships for Global Health and Safety) is immediate past President of The New York Academy of Medicine. Effective January 1, 2018 she will become Clinical Professor of Global Public Health at the College of Global Public Health at New York University where she is also Professor of Public Service, Health Policy and Management at the Robert F. Wagner Graduate School of Public Service and Clinical Professor of Pediatrics at New York University School of Medicine. She served as Dean of the Robert F. Wagner Graduate School of Public Service at New York University from June 1997 to November 2002. Prior to that, she served as Principal

Deputy Assistant Secretary for Health in the U.S. Department of Health and Human Services (HHS) from November 1993 to January 1997, and as Acting Assistant Secretary from January 1997 to May 1997. While at HHS, she was the U.S. representative on the Executive Board of the World Health Organization (WHO) from 1994–1997. She served in a variety of senior positions and as President of the New York City Health and Hospitals Corporation (HHC), the largest municipal system in the United States, from December 1985 until October 1989. Dr. Boufford was awarded a Robert Wood Johnson Health Policy Fellowship at the Institute of Medicine in Washington, DC for 1979–1980. She currently serves on the boards of the United Hospital Fund and the Health Effects Institute. She was elected to membership in the Institute of Medicine (IOM) in 1992 and served on its Board on Global Health and Board on African Science Academy Development. She served two four year terms as the Foreign Secretary of the IOM between 2010 and 2014 and was elected to membership for the National Academy of Public Administration in 2015. She received Honorary Doctorate of Science degrees from the State University of New York, Brooklyn, (1992), New York Medical College, (2007), Pace University, (2011) and Toledo University, (2012). She has been a Fellow of The New York Academy of Medicine since 1988 and a Trustee since 2004. Dr. Boufford attended Wellesley College for two years and received her BA (Psychology) magna cum laude from the University of Michigan, and her MD, with distinction, from the University of Michigan Medical School. She is Board Certified in pediatrics.

Kevin Etter, with over three decades of work with UPS (United Parcel Service), is an internationally recognized thought leader in the field of logistics and supply chain service innovation. A few of his accomplishments to date include large aircraft fleet acquisition and integration projects; development of new services built through focusing on strategic mergers and acquisition activities; new service ideas and innovation for the pharmaceutical, medical device and health products supply chain and security; and new ways of thinking about corporate social responsibility. Kevin is a strong voice and advocate in the world of community service and corporate philanthropy, active both at home, in Europe and at UPS. A current project with the UPS Foundation has him seconded (executive on loan) to Gavi, the Vaccine Alliance in Geneva, Switzerland. There, Kevin is advising, consulting and developing solutions supporting Gavi's Supply Chain Strategy. Kevin is also pioneering innovative models for public private partnerships with Gavi, UN organizations and other International NGO's. Kevin has recently presented a TED Talk entitled "I am the Donation" that features his work with Gavi and highlights the opportunity that our business communities have in moving beyond check book philanthropy to impact real change in our world today. Kevin is married with two children. He currently splits his time between his home in the US in Elizabethtown, Kentucky and in Geneva.

Lauren A. Marks, Esq., J.D., is the Director of Private Sector Engagement in the Office of the U.S. Global AIDS Coordinator and Health Diplomacy, which leads implementation of the U.S. President's Emergency Plan for AIDS Relief (PEPFAR). Lauren leads the Private Sector Engagement Team to support the development, implementation, and evaluation of policies, interventions, and strategies for public private partnerships (PPPs) by working closely with country teams, implementation partners, private sector organizations, foundations, and multilateral institutions. Lauren comes to S/GAC from the private sector – Lauren managed the HIV/AIDS portfolio for Johnson & Johnson's Corporate Contributions group. Prior to joining Johnson & Johnson, Lauren served as the Health Program/Public-Private Partnership Advisor at USAID/South Africa, where she built several successful PPPs between the US Government, the private sector, and non-governmental organizations. Lauren also worked at USAID/Washington in the Bureau for Global Health, where she provided technical support to USAID missions in several African and Asian countries. Prior to USAID, Lauren was a corporate attorney at

Nixon Peabody LLP in New York. She has a law degree from Georgetown University and a BA from Duke University.

John T. Monahan, J.D., is a Senior Advisor for Global Initiatives to Georgetown University's President John J. DeGioia and a Senior Fellow at Georgetown's McCourt School of Public Policy. In his current position, he advances university-wide initiatives in global health and related areas; chairs a senior-level committee examining the future of Georgetown's masters programs in international development; co-chairs the *Lancet*-Georgetown Commission on Global Health and Law; and has been teaching global health courses in Georgetown's foreign service, law, and nursing schools.

Over the course of his distinguished career, Monahan has played multiple leadership roles in government, diplomacy, politics, philanthropy and academia at the global, national, and state/local levels. He has focused on managing complex health, social service, and development issues and programs affecting low-income and vulnerable populations in the United States and abroad. From 2010-2014, Monahan served as Special Advisor for Global Health Partnerships at the United States Department of State. Under the leadership of Secretaries Clinton and Kerry, he was the chief architect of the Obama Administration's successful strategy for reforming the operations and replenishing the finances of the Global Fund to Fight AIDS, Tuberculosis and Malaria, an innovative public-private partnership based in Switzerland. He served as the US Government's representative on the Global Fund's Board; a member of the Board's Comprehensive Reform Working Group; and Vice-Chair of the Board's Finance and Operational Performance Committee. In 2009-2010, he was Director of the Office of Global Health Affairs at the Department of Health and Human Services and served as a primary liaison to the World Health Organization's leadership during the H1N1 influenza pandemic. He also served as Counselor to the Secretary of HHS and represented the Department on the White House-led interagency task force implementing the stimulus legislation in 2009. Monahan also has extensive experience with domestic public policy issues. From 2000-2007, he served as Senior Fellow at the Annie E. Casey Foundation, a philanthropy dedicated to low-income children in the United States. He advised the Foundation's senior leadership on federal policy issues; managed its relationship with Living Cities (a public-private partnership devoted to US community development); and supported its use and advocacy of loan guarantees and innovative program-related investment strategies. During the Clinton Administration, Monahan served as Director of Intergovernmental Affairs at HHS, where he represented the Department in negotiations with governors and state officials regarding scores of Medicaid and welfare demonstration waivers; and as Principal Deputy Assistant Secretary for Children and Families in which he was responsible for assisting in implementation of federal welfare reform. In his varied career, he has also served as the founding Executive Director of Georgetown's O'Neill Institute for National and Global Health Law; Legal Counsel to US Senator David Pryor; Law Clerk to US District Court Judge John Grady; and is a veteran of numerous political races, including the Mondale and Clinton presidential campaigns. A member of the Council on Foreign Relations, he serves on the Advisory Committee of the Fogarty International Center at the National Institutes of Health and on the boards of the Lever Fund and the US Committee for Refugees and Immigrants. Monahan holds bachelors and law degrees *cum laude* from Georgetown University.

Cate O'Kane is a Partnership and Collaboration Strategist. Over the past 21 years, Cate has brought passion and commitment to making change happen, be that in Europe, Asia, Africa, or her current base in the United States. With an innate curiosity about people and culture, she has successfully led multidisciplinary and multinational teams, developed an understanding of the nuances of partnerships and created long lasting relationships. Her knowledge of both the private and the public sectors ensures all are able to work as true partners in creating sustained social impact and financial success.

Cate's current work focuses on supporting the development of partnerships through the creation of strategic opportunities supporting the needs of all parties involved, be that a multinational company, a government agency or a non-profit implementer. She has a proven track record in working effectively throughout the partnership process to ensure true collaboration at every stage from prospecting through governance and development into long term stewardship.

Previously, Cate was Director of Corporate Partnerships & Philanthropy at PSI in Washington, DC, for six years. In this role, she led the development of corporate philanthropic, corporate social responsibility, and shared value partnerships, integrating the worlds of both purpose and profit to deliver win-win opportunities across sectors. During Cate's tenure at PSI, corporate partnerships quadrupled in number and revenue from partnerships grew 500%. She emphasized the value of partnerships to provide not only investment into impact at a country level but also investments into knowledge sharing and individual capacity development through pro-engagement fellowships and joint thought leadership. Prior to her time at PSI's headquarters, Cate was the Technical Services Director at PSI/Botswana where she led the platform's marketing, communications and research programs across a multitude of HIV/AIDS interventions. Here she built a series of partnerships across sectors from defense to health to communications, including the production of the first Botswana made edutainment TV series "Morwalela," which focused on the lives of Botswana living with HIV, and the development of a camouflage condom in partnership with the Botswana Defense Force.

Previously to her time with PSI, she spent 16 years working in Europe and Asia in advertising and communications with her final role as the Director of J Walter Thompson's North East Asia team based in Shanghai and working to expand market share for companies in this dynamic region.

She is a member of the Devex Strategic Advisory Council working across sectors to encourage stronger partnership practices and was a founding member of the INGO collective within FSG's Shared Value Initiative. She has spoken on the role and management of partnerships at USAID, FSG, DEVEX, SOCAP, UN Compact and PXYERA Global events across the United States. Cate has a Bachelors Degree from the University of Exeter, UK, and is currently experiencing the breadth and beauty of the United States while roadtripping in her 1985 VW Vanagon from her current home in Washington, DC, to a new base in Seattle, WA.

BT Slingsby, M.D., Ph.D., M.P.H., is CEO and Executive Director of the Global Health Innovative Technology Fund (GHIT Fund). The GHIT Fund is a public-private partnership in Japan between five Japanese pharmaceutical companies (Astellas Pharma Inc.; Daiichi Sankyo Company, Limited; Shionogi & Co., Ltd.; Eisai and Takeda), two government ministries and the Bill & Melinda Gates Foundation, launched in April 2013 with a commitment of over US\$ 100 million. It is the first fund to involve a consortium of pharmaceutical companies, government and civil society working together to support research and development for neglected diseases. The combination of Japan's government and its pharmaceutical industry—the second largest in the world—brings a powerful engine of knowledge and innovation to the development of medications for the developing world. Before his position at the GHIT Fund, he was responsible for global access strategies for Eisai Co. & Ltd. where he looked over R&D portfolio and market access strategies for the developing world. Dr. Slingsby has been involved in the founding of for-profit and non-profit entities in the US and Japan and has published over 50 peer-reviewed articles in English and Japanese in journals including Academic Medicine, Journal of General Internal Medicine, Journal of Public Health, and the Lancet. He graduated from Brown University, earned his Masters and Doctorate from Kyoto University, and the University of Tokyo, and received his Medical Doctorate from The George Washington University.
