RARE DISEASES HAVE MET THEIR MATCH

researchmatch.org

Difficult diseases have met their match.

By participating in clinical research you can play an active role in healthcare and contribute to medical research.

- 1. LOG ON**
Visit the website and create an account by providing your name, email address, and phone number.
- 2. REGISTER**
Create an online profile and fill in your medical history and health information.
- 3. PARTICIPATE**
Wait to be contacted by researchers who have found you may be a good match for their study.

FIND YOUR MATCH. JOIN IN THE FIGHT.

ResearchMatch is a not-for-profit effort that brings together researchers and people who are willing to learn more about research studies via a secure and convenient online web portal.

mas estadísticas

¡Por medio de la investigación, usted se convierte en parte de la solución!

Los descubrimientos médicos no serían posibles sin voluntarios como **usted**.
¡Los investigadores necesitan su ayuda! La investigación sobre la salud cambia la vida de las personas a diario. Sin embargo, muchos estudios finalizan antes de tiempo porque no hay

MyCap: Participant-Centered Data Capture

www.trialstoday.org uses NLM web services to download/process data from ClinicalTrials.gov

Table 1. Patient-selected purpose for Trials Today's use using the mediated search, ranked by proportion

Topic	No. (%)
I have/had a disease or condition and I am interested in finding studies that test new treatments	29,818 (37.5)
I am not looking for any treatments but I am interested in being a healthy volunteer for research studies that could help other people in the future	17,804 (22.4)
I have/had a disease or condition and I have already tried the currently approved treatment options and they are not working/are no longer working for me	14,471 (18.2)
I am not looking for any treatments but I am interested in studies that figure out ways to diagnose diseases, develop preventative measures, or develop screening processes	8688 (10.9)
I was recently diagnosed with a disease or condition and I am looking for treatment options, even those that are not yet approved	7386 (9.3)
I was recently diagnosed with a disease or condition and there are no available treatments at all	1255 (1.6)
Total	79,422
