Public Health & Health System
Contributions to School Success

Lillian Shirley, BSN, MPH, MPA
Public Health Director
State of Oregon

1. Better health
2. Better care
3. Lower costs
We believe improving population health outcome depends on transforming the health system to coordinate and integrate primary care, public health and community preventative efforts.

Improved population health, health outcomes and lower costs (triple aim)

- Health Care System/Primary Care
- Community Prevention/Social Determinants of Health (SDOH), Education
- Public Health
- Payers, Insurers and ACOs
**Oregon’s transformation:**
Moving toward community-based accountability

---

**PAYMENT MODELS**
- **2010**: Fee for service
- **2012**: Episode-based reimbursement
- **2017**: Partial/full risk capitation

**INCENTIVES**
