About Medicines360

A Global Nonprofit Women's Health Pharmaceutical Company

Our Mission

Expand access to quality medicines for women regardless of their socioeconomic status, insurance coverage, or geographic location

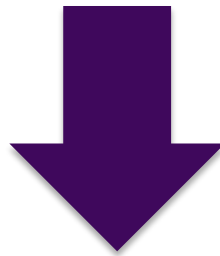

Medicines
360 ♀

Healthcare for each woman.
Access for all women.

Two Main Barriers to Hormonal IUDs

- **Affordability:** Public clinics could not afford them
- **Access:** IUD-appropriate women were not being offered them

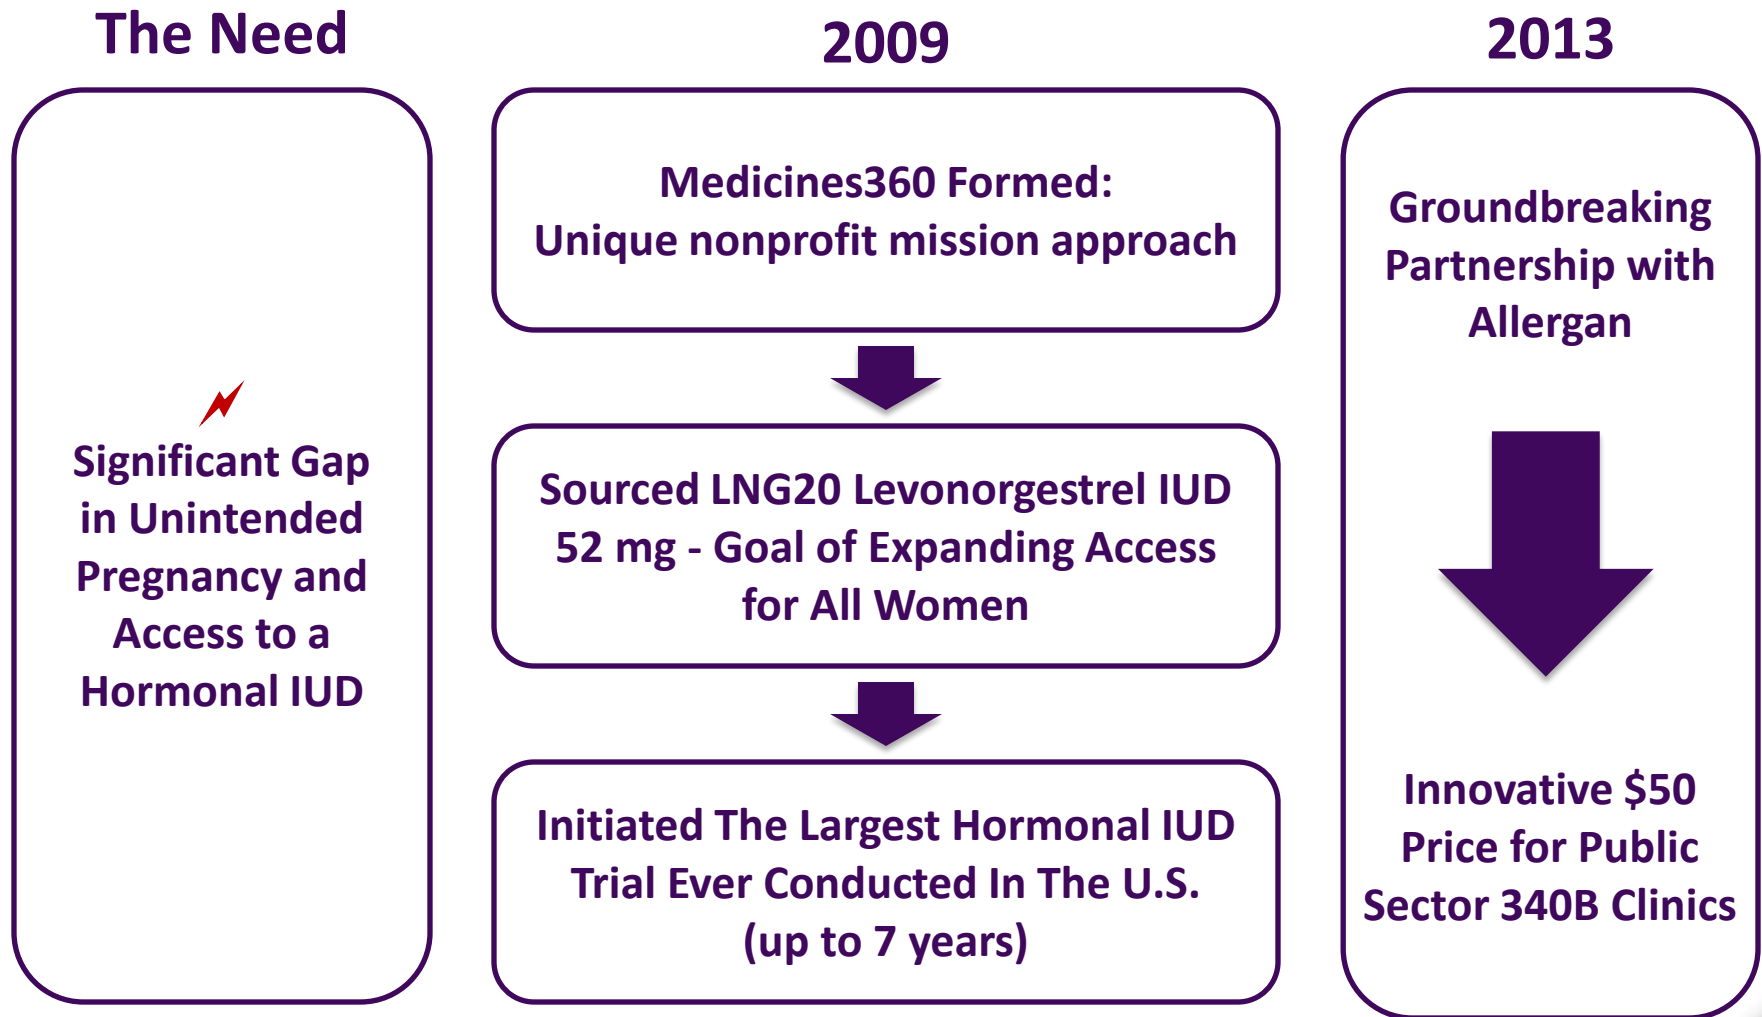

Medicines360 Mission:

Expand access to quality medicines for all women regardless of their socioeconomic status, insurance coverage, or geographic location

“We’re about patients, not profits.”

The Story Behind Medicines360

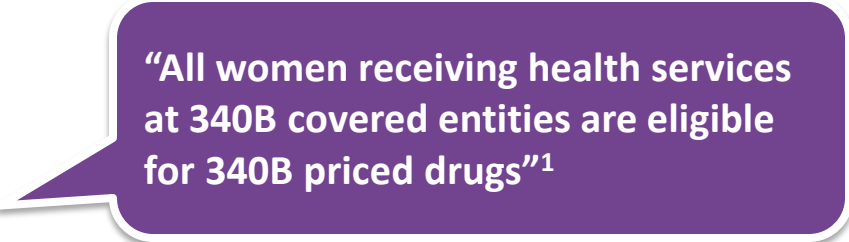

An Innovative Approach to Expanding Access

We offer our IUD at just \$50 to 340B public health clinics

- Enables clinics to stock and provide a hormonal IUD by helping alleviate upfront cost barriers
- Our goal: enable all IUD-appropriate women to have greater access and choice

“All women receiving health services at 340B covered entities are eligible for 340B priced drugs”¹

Committed to Expanding Access for Women

Medicines360 is proud to be a leader in expanding access to quality medicines for women.

By supporting the products and partnerships we develop, everyone can play a role in helping women access the medicines they need.
