**Applying Clinical Practice Guidelines to Prescribing Opioids for Acute Pain:  
A Workshop**

**AGENDA**

Hosted by the Committee on Evidence-based Clinical Practice Guidelines  
for Prescribing Opioids for Acute Pain

*Keck Center, Room 100, 500 Fifth Street, NW, Washington, DC*

**Workshop Objectives**

- Identify and prioritize surgical procedures and medical conditions associated with acute pain for which opioid analgesics are prescribed and considered clinically necessary where evidenced-based clinical practice guidelines would help inform prescribing practices.
- Identify what evidence is necessary or missing for each procedure/condition mentioned above.
- Use evidence to inform the development of clinical practice guidelines for opioid prescribing for acute pain.
